

## SIMBIOSI

Davide Groppi / 2015

A de-structured chandelier that can be re-assembled as you like.  
A conjuring trick that gives you the possibility of connecting the diodes in series using  
very weak electric currents with wires that are practically invisible.  
The very thin wire that connects the light sources and brings them alive, one in relation  
to the other, is the principal component of this project.

Un lampadario destrutturato e componibile a piacere.  
Un piccolo gioco di prestigio sfruttando la possibilità di collegare i diodi in serie utilizzando  
correnti elettriche molto basse e quindi cavi quasi invisibili.  
Il filo, sottilissimo, che unisce i corpi e li fa vivere l'uno in funzione dell'altro, è la  
caratteristica principale di questo progetto.
