

## INFINITO

Davide Groppi / 2016

A spatial concept, it is continuous light.

An ultra-thin strip of special stainless steel just 18 mm wide "cuts" the space to produce indirect light. Infinito can be adapted to various situations, stretched from wall to wall or ceiling to floor. It comes in strips up to 36 metres in length (standard versions at 6 / 12 / 18 metres in length). Infinito breaks down the luminaire, turning it into something else, leaving only a trace, a line and then not even that, just light.

This project pays homage to the art of Lucio Fontana and his spatial concepts. The graphic force of this system is surprising. It can be integrated into space, but at the same time it becomes part of that space. Infinito: essence and absence.

Infinito in its versions of 6 and 12 meters can be integrated with our Endless system.

**Archiproducts Design Award 2017**  
**People's Choice AZ Award 2017**

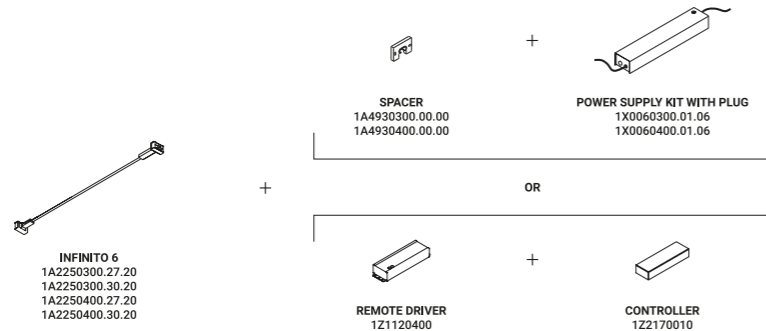

È un concetto spaziale, è luce continua.

Un nastro sottilissimo, in un particolare acciaio inossidabile e di soli 18 millimetri di larghezza, taglia lo spazio e produce luce indiretta. È possibile adattare, tendere e orientare Infinito da parete a parete, da soffitto a pavimento, fino a 36 metri di lunghezza (lampada standard 6 / 12 / 18 metri). Infinito smaterializza l'oggetto lampada, trasformandolo in qualcos'altro, lasciandone solo una traccia, una riga e poi nemmeno più quella, solo la luce. È un omaggio all'arte di Lucio Fontana e ai suoi concetti spaziali. La forza grafica di questo sistema è sorprendente, per la sua capacità di essere integrato e nello stesso tempo presente nello spazio. Infinito, assenza e assenza.

Infinito 6 e Infinito 12 sono integrabili con il nostro sistema Endless.
